

Real Live

Rain`s falling/ nearly storming/ that`s on my mind
No expectations/ no patience/ becoming blind
Call my name/ and I will always/ fallow you
But you/ never did it I`m/ feeling blue

Last weekend/ I saw you/ walking down the street
with your boyfriend/ hand in hand/ that`s what you need
I want you /but you`re too/ far away/ cause I have no chance in this/ cruel
play

Solo

You wont me/ can`t near me/ now I live alone
Life goes on/ meet my friends/ don`t stay at home
I don`t care/ about it what you do/ stay by my self/
never feeling blue

I`m living/ still living/ that`s on my mind
Getting younger/ much younger/ every time

Try a new way, you can see
That`s my life/ and I`m/ feeling free
